If tag type “Add new” is selected a TextField will be visible to enter new tag type

The storyboard diagram shows a UI screen with the following elements:

- Back to Albums List**: A button in the top left corner.
- Album Name**: A label at the top center.
- Logout**: A button in the top right corner.
- Search**: A modal window containing:
 - ☐ Search by Date
 - ☒ Search by Tags
 - Buttons: **Enter First Tag Value**, **AND**, **OR**, **Enter Second Tag Value**, **Search for Tags**
- Caption:** photo caption
- Date Taken:** data photo taken
- Tags:** A label above a large empty text area.
- Tag type**: A dropdown menu.
- Enter New Tag Value**: A text input field.
- Add Tag**: A button.
- Cancel**: A button.
- Error: Album does not exist**: A text label.

Connections from the storyboard to numbered boxes:

- Box **3** is connected to the **Back to Albums List** button.
- Box **9** is connected to the **Add Tag** and **Cancel** buttons.
- Box **1** is connected to the **Logout** button.
